THE DESTINY CHEAT CODE

THE SUBCONCIOUS MAP TO YOUR NEXT LEVEL LIFE

EVERY INVISIBLE THRESHOLD & QUANTUM SHIFT REQUIRED TO LEAP INTO YOUR DESTINY.

THE INTUITIVE WHO TALKS BUSINESS

HII'M MELISSA

I work with the 1%, sat multiple Board level positions, sold a successful brand and walked away from it all. I believe that we don't need to sacrifice our lifestyle to find our fulfillment.

I help high-level leaders reveal their true destiny, build legacies through resonance & alignment, not force.

You're not here to re-create someone else's success and I help you channel the guidance you need to choose yours.

MOST PEOPLE NEVER REACH THEIR DESTINY.

Not because they're unworthy or not good enough, but because there is a barrier to entry that's invisible. Where most people choose to turnaround. A quantum leap into your freedom & destiny comes with a price to entry - an invisible threshold where you're asked to step through or return to safety net (the known path, your fated life, your karma). And most people turn around or back down.

This guide is your Destiny Cheat Code. It gives you a clear path, with:

- · The most common points where people give up
- What your subconscious will throw at you
- What you can't yet see from where you're standing
- · And the exact shift required to cross through it

With the Destiny Alignment Blueprint, we go straight to the soul-level root & collapse time to move you forward with clarity, power, and excitement instead of resistance.

"YOUR WILDEST, MOST OUTRAGEOUS DREAM ISN'T TOO MUCH, IT'S EXACTLY WHAT YOUR SOUL CHOSE FOR THIS LIFE." -MELISSA JOHNSTON

CLARITY KEYCODE #1

If time, money, responsibilities & existing commitments didn't exist... what would I really be doing with my life?

You tell yourself it's not the right time, you've got too much going on right now. You start waiting for a sign, permission slip or source of approval.

The illusion of this invisible barrier: An infinite delay disguised as reason - the mirage of waiting for the perfect time that never comes. We cannot access the full picture if we're unwilling to act on the first piece of guidance from soul.

MOST PEOPLE WILL: Wait years for the full picture, certainty, or permission that never comes.

HOW TO RELEASE IT: Clear programs outsourcing your power to others outside of yourself, people-pleasing & perfection. Restore your sovereignty. ONCE CROSSED: You commit to one massive action step forward even when it's imperfect or not fully clear. The action creates more clarity & your confidence soars because you chose to move it forward.

What action step have I been refusing to take action on (even if its j the beginning), that if I chose to commit to would lead to more claricoming in? How is the lie that the perfect time has to come before I leap serving me or keeping me safe?

MONEY MIRROR

You start putting yourself out there & money triggers surface. You manifest cashflow or clients and the opposite arrives: a setback or a subpar option that makes you question your worth.

The illusion of this invisible barrier: This isn't about money it's about testing your commitment with skin in the game. Money is about safety.

MOST PEOPLE WILL: Avoid investing in themselves before the money arrives.

Undercharge, overcomplicate or return to old safety nets out of fear.

HOW TO RELEASE IT: Clear abundance blocks. Look at your stories around money & worthiness. Can you invest in yourself and create the money by being creative & willing to play?

ONCE CROSSED: You shatter your glass ceilings as soon as you say YES to your desires & invest in yourself. You're willing to stretch in creative ways to make money appear. Money follows your certainty.

THE SHEDDING

Old ways of doing things stop working. You hit resistance from what once brought results.

The illusion of this invisible barrier: things are falling away to make room for your new life. It feels raw + chaotic + vulnerable to no longer have things work for you, but it's because you are being INITIATED to something much greater.

MOST PEOPLE WILL: Hustle harder or burn out trying to keep their head above water. They beat themselves up and see this as a failure, then retreat to old ways of living.

HOW TO RELEASE IT: Strip old roles & worthiness based on performance. Let go of relationships, jobs & identities that need to fall away. Allow the law of subtraction to work & rebuild your life from authenticity as new things arrive. ONCE CROSSED: You feel freer, lighter, and truly YOU. Your energy shifts from effort to ease. You make space for the people, roles, clients, income & things that align with your future you.

BARRIER SEVEN FETTH

You take bold aligned action and it doesn't work right away. You face disappointment or doubt, wondering if you're even meant for this life.

The illusion of this invisible barrier: That the universe tricked you into taking a leap of faith that wasn't actually right for you. In reality it's not a "you" problem, it's a marketing/messaging problem.

MOST PEOPLE WILL: Spiral. Question their path. Delay. Abandon the mission. Make failure mean something about them.

HOW TO RELEASE IT: Reveal the lesson behind the flop, zoom out, examine your marketing & refine what needs tweaking and recommit to your plan.

ONCE CROSSED: You reclaim your power. You learn to hold your frequency during contrast, and your upgrades get sharper, cleaner, and faster. Resilience becomes fuel. You learn skills needed to embody your purpose.

New ideas, offers, or relationships lure you off path.

The illusion of this invisible barrier: Subconscious fear of commitment or seeing things all the way through dress up as inspiration/innovation.

HOW TO RELEASE IT: Reveal the difference between sabotage and soul. Use radical honesty + discernment to choose what truly leads to fulfillment & results.

ONCE CROSSED: You feel focused, congruent, and deeply aligned. Momentum compounds. You stop bouncing between plans and start quantum leaping forward. You are unstoppable at this momentum.

THE FINAL SHOWDOWN

Your core wound rises- usually tied to visibility, failure, success, or abandonment. You're asked to embody your next self-concept before you see the results.

The illusion of this invisible barrier: I am not quite there yet. Your identity is still tied to the old you, and you are being asked to embody a new self concept.

MOST PEOPLE WILL: Use excuses to avoid stepping into the future identity. Wait for external validation to feel capable of holding the big dream. Downplay.

HOW TO RELEASE IT: Recode your identity to reflect the self beleifs and concepts of that version of you now. Spend a week or more acting as if and taking as if.

ONCE CROSSED: People start seeing you as that too. The universe mirrors back your new identity with opportunities, synchronicities & results that match.

MOST PEOPLE WILL: Self-sabotage. Shrink. Slide back into old energy. Delay marketing yourself with your newfound discoveries out of fear of being too much.
